Dear Gus,

It is with pleasure that we offer this letter of recommendation.

SM Freight is grateful for the relationship we have built with OTDS that is allowing us the ability to push through the driver shortage crisis. Working together with your staff, we have developed a system that is providing us well-trained, professional drivers that we are building long-term relationships with.

We look forward to continued relations with you and your staff at OTDS!

Sincerely,

Wendie Stafford
